

A brief information about The Third Pole project

The Third Pole is a project implemented by the Marek Kamiński Foundation. Marek Kamiński is a prominent Polish traveler. He was the first man in the world to reach both the North and South Poles in a single year.

This time, under The Third Pole project, Marek Kamiński will depart from Kaliningrad (Russia) to Santiago de Compostela (Spain) in order to promote spiritual and intangible values during his trek. The pilgrimage begins on March 16 and will last until the end of July.

The main objective of the project is to raise funds for the organization of the European Camps for the Poles Conquerors for children with chronic illnesses, disabilities and difficult life circumstances.
